# Event Overview

openSUSE Asia Summit are 2 day events, hosted in different city each year. This summit talking about openSUSE and open source related. Event will break into public conference, workshop/class parallel and hackfest.

It is a great opportunity for openSUSE contributor and users from all over Asia and the world in general to meet and talk face to face. In addition, we have chance to learn free and open technologies, to share experiences with each other, and most of all, have fun at the Summit, and, in beautiful tropical scene of Yogyakarta region.

In previous years openSUSE.Asia Summit has been held in Beijing, China in 2014 and National Taipei University of Education ,Taipei / Taiwan, Republic Of China 2015.

openSUSE.Asia Summit 2015 attracted more than 300, users, developers, business professionals, media, students and government officials, including 32 speakers from all over the world.

# Why Sponsor?

---

openSUSE Summit 2016 is the biggest international conference in this year at Indonesia. This Summit will provide a **unique opportunity** for stakeholders to **discuss openSUSE and Free and Open Source Software related** solutions, programming, promotion and challenges for openSUSE, but also other Asian free software communities face while growing. Besides being a community event, the summit is set up to function as a **gateway for companies interested in Asian** markets.

We are offering sponsorship partnership for the event.  
As a sponsor, you are offered:

- Matchmaking opportunities with local enterprises, which will be invited to a business session;
- Marketing opportunities featured in conference materials and presented in media announcements;
- Networking with highly capable developers and welltrained students.

We are expecting about **500 participants** with delegates from **Asia and around the world**. This summit will offers sponsors the chance to tap into **fast growing local markets, discover** new **business opportunities**, and **increase awareness** for their **products** among early adopters and technology multipliers
