

Event Overview

openSUSE Asia Summit are 2 days event, hosted in different city each year talking about openSUSE and opensource related topics. The event categorized into public conference, workshop/call parallel and hackfest. Attendees will get latest information from board foundation, contributor, user, learn best practices, testimony, show latest project and progress, also learn how to implement openSUSE in many ways.

It is a great opportunity for openSUSE contributor and users from all over Asia and the world in general to meet and talk face to face. In addition, we have chance to learn free and open technologies, to share experiences with each other, and most of all, have fun at the Summit, and, in beautiful tropical scene of Yogyakarta region.

In previous years openSUSE.Asia Summit has been held in Beijing, China in 2014 and National Taipei University of Education, Taipei / Taiwan, Republic Of China 2015.

openSUSE.Asia Summit 2015 attracted more than 300, users, developers, business professionals, media, students and government officials, including 32 speakers from all over the world.
